

Dear Kids' World Parents and Guardians,

At Kids' World, we have our own heated pool just for Kids' World kids. Your child's activity programs include "teacher-directed swim" times. Teacher-Directed Swim times are for eligible children to participate in aquatic activities with their teacher and classmates. They are not swimming lessons, but occur twice regularly throughout the month.

We also offer swim lessons as an option to parents who want their children to learn to swim or become a better swimmer. Lessons are \$40.00 a month and include 8, 30 minute sessions (2 times a week). The Kids' World Aquatic Center is located at 2000 E. Sunset within our childcare center. The Kids' World Swim and Gym bus transports the children to and from their center and the Aquatic Center. Please contact your child's center director to enroll.

Sincerely,

Kids' World
